Clever Living, Timeless Style The Ekati is a home that proves smart design never goes out of style. With four well-proportioned bedrooms and a thoughtfully considered layout, this home delivers on both comfort and flexibility. Choose between a front living room for added entertaining space, or a master suite at the front for added privacy and retreat. With every inclusion designed to enhance daily life, the Ekati is full of clever touches that make all the difference - bringing bright ideas to life in a beautifully liveable way.
