Finley 20

4 2 2

The Finley 20 brings a fresh and thoughtful approach to single-storey family living with 4 bedrooms, 2 bathrooms and a 2-car garage, all across a small-lot compliant design. The master suite is privately positioned at the rear of the home, complete with a walk-in robe and ensuite, while additional bedrooms, including one with its own walk-in robe, are grouped at the opposite end. It's a layout that gives everyone their own space without losing that sense of connection. At the heart of the home, an open-plan kitchen, dining and family area creates a generous and welcoming social hub, complemented by a walk-in pantry and separate laundry that keep everyday life running smoothly. A 2-car garage with internal access completes this cleverly considered design. Ideal for growing families, first home buyers and investors seeking smart living on a compact block.
