House Area
400 m²

The Westley epitomises spacious living for families who love entertaining and modern comforts. On the ground floor, an open-plan layout features a family and dining area that flows into alfresco space, a kitchen with a butler's pantry, a sitting room, and a guest suite with an ensuite. Upstairs, a master suite with a walk-in robe and ensuite, along with three bedrooms, a central bathroom, and a rumpus room, complete the home.
